PROFILE

A quietly accomplished multi-disciplinary professional with over 5 years of experience spanning web development, luxury vacation rental management, data analysis, graphic design, content writing, and soundtrack production. Consistently trusted by clients across multiple countries for precision, creative depth, and the ability to operate with complete autonomy.

PROFESSIONAL EXPERIENCE

Virtual Assistant — Mar 2023 – Present
Everyday Luxury Vacation Rentals · Dana Point, California, USA
www.everydaylux.net · www.bluffslanding.com

Key team member managing end-to-end operations for a premium short-term rental brand, ensuring seamless high-end guest experiences while keeping operations running smoothly.

- Guest Communications: Inquiry management, guest vetting, pre-arrival information.
- Operations: Cleaning coordination, maintenance dispatch, supply tracking, calendar syncing.
- Revenue & Listing: Dynamic pricing, listing optimisation, multi-platform distribution.
- Administrative & Financial: Bookkeeping, performance reports, claims management.

Tools: Streamline PMS, Cloudbeds

Virtual Assistant — Jun 2024 – Present
Righteous Rentals · Oceanside, California, USA

Supporting day-to-day operations with a strong focus on guest satisfaction, property efficiency, and seamless backend management for a premium vacation rental company.

- Guest Communications: Managing inquiries, screening guests, providing pre-arrival details.
- Operations: Cleaning coordination, maintenance scheduling, supply tracking, calendar sync.
- Revenue & Listing: Dynamic pricing, listing visibility, multi-channel distribution.
- Administrative & Financial: Bookkeeping, performance reports, claims management.

Tools: Streamline PMS, Cloudbeds

Frontend Developer — Aug 2021 – Present
OPENSAUCERY · opensaucery.africa

Building responsive, high-performance web interfaces for a software engineering company specialising in mobile & web apps, cloud infrastructure, AI & ML systems, and process automation.

- Crafting clean, scalable frontend code in collaboration with backend engineers and designers.
- Delivering seamless user experiences across all devices and platforms.

Scriptwriter — Apr 2021 – Jun 2024
Pak Filmmakers

Crafted production-ready scripts for commercial video projects, short films, and branded content, collaborating with directors and producers to meet tight broadcast deadlines.

Whitepaper Developer & Designer — Oct 2021 – Feb 2023
Dow7 Coin

Authored and designed comprehensive blockchain whitepapers, translating complex technical concepts into clear, investor-ready documents with consistent brand identity.

Freelance Writer — Mar 2016 – Present
Fiverr

Delivering high-quality articles, blog posts, web copy, and technical writing to a global clientele with a strong track record of 5-star reviews.

E-commerce Developer — Aug 2019 – Present
Fiverr

Designing and optimising e-commerce stores worldwide, specialising in Shopify, WooCommerce, and custom HTML/CSS builds focused on clean UI and conversion.
